USTDA'S MISSION AND TOOLS

The U.S. Trade and Development Agency connects America's private sector to infrastructure projects in developing and middle-income countries. We achieve success by funding feasibility studies, technical assistance and pilot projects that integrate the innovation and expertise of American companies. USTDA also connects overseas buyers with U.S. sellers by hosting reverse trade missions, industry conferences and expert workshops across the globe.

Proven Results For Texas Businesses

Four firms from Houston and Wichita Falls exported goods and services to Indian companies based on connections made during USTDA's Efficiency and Clean Energy Exchange Program.

A manufacturer from the greater Dallas area supplied smart grid equipment to a Philippine power company during the implementation of a project based on its USTDA-funded roadmap.
