

# Meet Indonesian Port Leaders Advancing Port Modernization

USTDA invites U.S. companies to engage directly with Indonesian port decision makers to learn about upcoming opportunities and to showcase American port modernization technologies, services, and solutions.

DATE **August 4, 2026**

TIME **9:00 am EDT**

PLACE **Arlington, VA**

## Background

Indonesia is transforming its port sector into a globally integrated, efficient, and modern maritime hub. As part of this vision, Indonesian decision-makers plan significant near- and long-term investments, opening opportunities for U.S. solutions to modernize port infrastructure, digitalize supply chains, enhance maritime logistics, and integrate ports with industrial zones. At this briefing, U.S. companies can learn more about specific efforts and meet one-on-one with delegates.

## Business Opportunities

- Smart Ports, Automation, Advanced Cargo Handling
- Cybersecurity, Screening and Customs Technologies
- Port Digitalization and Supply Chain Integration
- Port Expansion, Dredging, Design and Engineering Services
- Navigation Aids, VTMS and Communications

## About USTDA

The U.S. Trade and Development Agency is the U.S. government's first mover on critical infrastructure development in emerging markets, advancing the shared strategic priorities of the United States and our overseas partners while creating opportunities to deploy trusted U.S. solutions. USTDA funds the upfront technical work that accelerates the development of infrastructure projects, helping them attract the financing they need for implementation and procurement of U.S. goods and services.
