

Meet Digital Infrastructure Leaders Driving Digital from **Latin America** and the **Caribbean**

USTDA invites U.S. companies to engage directly with senior telecommunications and digital infrastructure leaders from Colombia, Costa Rica, the Dominican Republic, Ecuador, and Jamaica and to learn about upcoming investment opportunities and showcase American next-generation communications technologies, services and solutions.

DATE **October 20, 2026**

TIME **9:00am EDT**

PLACE **Arlington, VA**

Background

Governments and telecommunications operators across Latin America and the Caribbean are making unprecedented investments to expand broadband access, deploy secure 5G networks, modernize telecommunications infrastructure, and accelerate digital transformation. As these markets pursue ambitious national connectivity strategies, they are seeking trusted partners and innovative U.S. technologies to support the development of resilient, secure and future-ready communications networks.

About USTDA

The U.S. Trade and Development Agency is the U.S. government's first mover on critical infrastructure development in emerging markets, advancing the shared strategic priorities of the United States and our overseas partners while creating opportunities to deploy trusted U.S. solutions. USTDA funds the upfront technical work that accelerates the development of infrastructure projects, helping them attract the financing they need for implementation and procurement of U.S. goods and services.
