

# Meet Western Hemisphere Decision-Makers on Advanced Nuclear Energy

USTDA invites U.S. companies to meet senior decision-makers from Latin America and the Caribbean who are actively advancing civil nuclear energy programs. Participants will learn about emerging opportunities and establish relationships in these high-potential markets.

DATE **June 10, 2026**

TIME **9am - 1pm EDT**

PLACE **Arlington, VA**

## Background

Advanced Nuclear Energy is emerging as a strategic priority for governments across **Latin America** and **the Caribbean**. This event gives U.S. companies direct access to the senior officials and technical decision-makers shaping these nascent markets. Participants will gain real-time market intelligence on immediate procurement priorities, regulatory developments, and long-term energy plans across five countries actively evaluating civil nuclear programs. The event will feature representatives from Colombia, Ecuador, El Salvador, Jamaica, and Paraguay.

## About USTDA

The U.S. Trade and Development Agency is the U.S. government's first mover on critical infrastructure development in emerging markets, advancing the shared strategic priorities of the United States and our overseas partners while creating opportunities to deploy trusted U.S. solutions. USTDA funds the upfront technical work that accelerates the development of infrastructure projects, helping them attract the financing they need for implementation and procurement of U.S. goods and services.
