

Meet Gas Sector Decision-Makers from Egypt, Jordan and Morocco

USTDA invites U.S. companies to meet senior decision-makers from the Middle East and North Africa who are advancing liquefied natural gas and related gas infrastructure priorities. Participants will learn about upcoming project opportunities, showcase their solutions, and participate in targeted one-on-one meetings with delegates.

DATE **September 24, 2026**

TIME **8:00am – 1:00pm CDT**

PLACE **Houston, TX**

Background

Egypt, Jordan and Morocco are expanding their gas industry investments, including LNG imports, pipeline and storage capacity, and new natural gas applications. These investments are creating opportunities for U.S. companies to supply LNG and natural gas products, services, and technologies. This business briefing will give U.S. suppliers the opportunity to hear directly from these countries' decision-makers about the status of gas infrastructure development, key challenges and needs, and current and upcoming projects and solicitations.

About USTDA

The U.S. Trade and Development Agency is the U.S. government's first mover on critical infrastructure development in emerging markets, advancing the shared strategic priorities of the United States and our overseas partners while creating opportunities to deploy trusted U.S. solutions. USTDA funds the upfront technical work that accelerates the development of infrastructure projects, helping them attract the financing they need for implementation and procurement of U.S. goods and services.
