

Meet AI and Cybersecurity Leaders from Türkiye

USTDA invites U.S. companies to engage with Turkish cybersecurity and AI decision makers to build partnerships and learn about emerging opportunities as Türkiye modernizes its cybersecurity infrastructure.

DATE **May 19, 2026**

TIME **1:30pm - 5:30pm**

PLACE **San Francisco, CA**

Background

As Türkiye rapidly develops its digital ecosystem, cybersecurity for critical infrastructure is a top national priority. To counter increasingly sophisticated and frequent cyber threats, Türkiye is turning to AI and other advanced solutions to defend its critical infrastructure. Participants in this event will be well positioned to provide proven, standards-aligned solutions for this dynamic market.

About USTDA

The U.S. Trade and Development Agency is the U.S. government's first mover on critical infrastructure development in emerging markets, advancing the shared strategic priorities of the United States and our overseas partners while creating opportunities to deploy trusted U.S. solutions. USTDA funds the upfront technical work that accelerates the development of infrastructure projects, helping them attract the financing they need for implementation and procurement of U.S. goods and services.

Business Opportunities

- AI-driven **security** and **zero-trust networks**
- **Supply chain** risk management
- Threat **assessment** and incident **response**
- Recovery and resilience **planning**
- Secure **digital transformation** of **legacy infrastructure**
