

Meet Philippine Energy Leaders Advancing Smart Grid Modernization

USTDA invites U.S. companies to connect with senior Philippine energy officials at DISTRIBUTECH in San Diego, or during scheduled meetings in Silicon Valley and Washington, DC. Demonstrate your technologies, discuss collaboration, and engage directly with decision-makers driving smart grid modernization.

DATE **February 1st - 11th, 2026**

PLACE **San Diego, CA | Silicon Valley, CA | Washington, DC**

Background

As the Philippines advances its grid modernization, the U.S. Trade and Development Agency is bringing utility executives, regulators, and energy experts from the Philippines to the United States to learn about trusted American smart grid innovations. The delegation is evaluating proven commercial technologies, operational best practices, and transformative digital solutions. U.S. companies have the opportunity to directly engage through curated business meetings to highlight their capabilities supporting reliable, stable and efficient grids.
