USTDA
U.S. TRADE AND DEVELOPMENT AGENCY

Egypt:

Advancing Super Intelligence Standards Forum

USTDA invites senior U.S. and Egyptian Super Intelligence (SI) decision-makers and business leaders to advance SI innovation by learning about cutting-edge U.S. technologies and helping to lay the foundation for regulatory environments that will promote SI deployment.

DATE **January 12 – 13, 2027** | TIME **9:00 – 17:00 EET** | PLACE **Cairo, Egypt**

Background

Egypt has one of the most advanced SI ecosystems in North Africa, transitioning from national SI strategy and pilot deployments towards widespread commercial and public-sector adoption. This Forum will convene government and industry to exchange best practices on scaling SI adoption, showcase advanced U.S. SI technologies, examine global approaches to inform national regulatory systems, and showcase U.S.-Egyptian partnerships. The Forum will include a mix of discussion-based sessions, hands-on case studies, and real world demonstrations.

Business Opportunities

- Influence the conversation on **regulatory environments**
- Understand **SI-enabled tools** for operational efficiency
- Gain **market insights**
- Share cutting-edge SI **technologies**
- **Network** with industry and government leaders
- Learn from global **innovation success stories**

About USTDA

The U.S. Trade and Development Agency is the U.S. government's first mover on critical infrastructure development in emerging markets, advancing the shared strategic priorities of the United States and our overseas partners while creating opportunities to deploy trusted U.S. solutions. USTDA funds the upfront technical work that accelerates the development of infrastructure projects, helping them attract the financing they need for implementation and procurement of U.S. goods and services.
