2.0. Game Description

Lotto America is a five (5) out of fifty-two (52) plus one (1) out of ten (10) lotto game which pays a grand prize, at the election of a player made in accordance with these rules, either on an annuitized Pari-mutuel basis or as a cash lump sum payment of the total cash held for this prize pool on a Pari-mutuel basis. Except as provided in these rules, all other prizes are paid on a set cash basis. To play Lotto America a player selects five (5) different numbers, between one (1) and fifty-two (52) and one (1) additional number between one (1) and ten (10), for input into a Terminal operated by a Retailer. The additional number may be the same as one (1) of the first five (5) numbers selected by the player. The player may select each set by communicating the six (6) numbers to the Retailer, or by marking six (6) numbered squares in any one (1) Game Board on a Play Slip and submitting the Play Slip to the Retailer or by requesting a "Quick Pick" from the Retailer. The Retailer will then issue a Ticket, via the Retailer terminal containing the selected set or sets of numbers, each of which constitutes a game play.

2.1. Claims

A Ticket is the only proof of a game Play or Plays and the submission of a winning Ticket to the issuing Lottery or an authorized Retailer is the sole method of claiming a prize or prizes. A Play Slip has no monetary or prize value and does not constitute evidence of Ticket purchase or of numbers selected. A Terminal-produced paper receipt has no monetary or prize value and does not constitute evidence of a Ticket purchase or of numbers selected.

2.2. Cancellations Prohibited

A Ticket may not be voided or canceled by returning the Ticket to the selling Retailer, including Tickets that are printed in error.

2.3. Player Responsibility

It is the sole responsibility of the player to verify the accuracy of the game Play or Plays and other data printed on any Ticket purchased. The placing of Plays is done at the player's own risk through the Retailer who acts on the player's behalf in entering the Play or Plays.

2.4. Price of Ticket

- A. Each Lotto America play costs one dollar (\$1.00) and contains one (1) Play.
- B. A Retailer may discount the sales price of a Ticket in this game if the reduction in price is part of a store-wide discount promotion on all purchases (Lottery and non-Lottery) made by the player. The discount of the price does not relieve the Retailer from the obligation to pay the Lottery the full price of a Ticket as stated in this section.

2.5. Play Slip and Ticket Characteristics and Restrictions

- A. The player selects, or requests random selection from a Retailer by Quick Pick by computer, six (6) numbered squares on a Play Slip. Play Slips are available at

no cost to players. The minimum entry of one (1) play costs one dollar (\$1.00). A Play Slip has no monetary or prize value and does not constitute evidence of purchase or numbers selected.

- B. To purchase a Ticket, players must pay the purchase price and any fee associated with a Ticket purchase and submit a completed Play Slip, or request number selection by Quick Pick to an authorized Retailer. The Retailer will issue a standard game Ticket that contains the six (6) number selections played in each game grid, the Drawing date, amount bet, and validation number data. A standard Game Ticket is the only valid proof of a bet placed, and the only valid receipt for claiming a prize. The standard Game Ticket is valid only for the Drawing date or dates printed on the Ticket.
- C. If Play Slips are unavailable, Plays may also be given verbally to an authorized Retailer in groups of six (6) number selections for each one dollar (\$1) wagered. The selections are manually entered into the Terminal by the Retailer. Tickets can also be generated by the Terminal using the Quick Pick feature.
- D. A player may select numbers for up to fourteen (14) Drawings, specifically the next Drawing and the thirteen (13) subsequent Drawings.
- E. No Ticket may be purchased or issued for a Drawing within a specified time, to be designated by the Director, of that Drawing.
- F. Plays may be entered manually only by using a Lottery Terminal keyboard, or by means of a Play Slip provided by the Lottery and hand-marked by the player or by such other means approved by the Lottery.
- G. A Retailer may not permit the use of facsimiles of Play Slips, copies of Play Slips, or other materials inserted into the Lottery terminal's Play Slip reader that are not printed or approved by the Lottery.
- H. A Retailer may not permit any device to be physically or wirelessly connected to the Lottery computer Terminal to enter Plays, except as approved by the Lottery.

2.6. Time, Place, and Manner of Conducting Drawings

- A. Lotto America Drawings are held at 10:15 p.m. Central Standard Time each Wednesday and Saturday; however, the Director or the MUSL Lotto America Product Group may change the time of the Drawing without notice.
- B. Lotto America Drawings are conducted by MUSL in locations designated by the MUSL Lotto America Product Group.
- C. MUSL will draw, at random, five (5) numbers between one (1) and fifty-two (52) and one (1) number between one (1) and ten (10), which, after verification, are known as the Winning Numbers.

3.0. Prize Pool

The prize pool for all prize categories consists of fifty percent (50%) of each drawing period's sales, including tax, after the prize pool accounts and prize reserve accounts are funded to the amount set by the MUSL Lotto America Product Group. Any amount remaining in the prize pool at the end of this game is carried forward to a replacement game or expended in a manner as directed by the members of the MUSL Lotto America Product Group.

3.1. Prize Pool Accounts and Prize Reserve Accounts

An amount Director and/or the MUSL Lotto America Product Group is placed in one or more prize pool accounts and prize reserve accounts until the prize pool accounts and prize reserve accounts reach the amount designated by the MUSL Lotto America Product Group. Once the prize reserve account exceeds the designated amount, the excess becomes part of the prize pool. Any amount remaining in a prize reserve account at the end of this game is carried forward to a replacement prize pool account and prize reserve account or expended in a manner as directed by the MUSL Lotto America Product Group.

3.2. Expected Prize Payout Percentages

- A. The grand prize is determined on a Pari-mutuel basis. Except as provided in these rules, all other prizes awarded are paid as set cash prizes with the following expected prize payout percentages:

<u>Number of Matches per Play</u>	<u>Prize Payment</u>	<u>Percentage Allocated to Prize</u>
All five (5) of first set plus one (1) of second set	Grand prize	46.1983%
All five (5) of first set plus none (0) of second set	\$20,000	1.3852%
Any four (4) of first set plus one (1) of second set	\$1,000	1.8084%
Any four (4) of first set plus none (0) of second set	\$100	1.6276%
Any three (3) of first set plus one (1) of second set	\$20	1.6637%
Any three (3) of first set plus none (0) of second set	\$5	3.7434%
Any two (2) of the first set plus one (1) of second set	\$5	6.239%
Any one (1) of the first set plus one (1) of second set	\$2	13.7259%
None (0) of first set plus one (1) of second set	\$2	23.6085%

- B. The prize money allocated to the grand prize category is divided equally by the number of plays winning the grand prize.

C. The set prize pool (for cash prizes of twenty-thousand dollars (\$20,000) or less) will be carried forward to subsequent draws if all or a portion of it is not needed to pay the set prizes awarded in the current draw. If the total of the set prizes awarded in a drawing exceeds the percentage of the prize pool allocated to the set prizes, the amount needed to fund the set prizes awarded will be drawn from the following sources, in the following order: (1) the amount allocated to the set prizes and carried forward from previous draws, if any; and (2) an amount from MUSL Lotto America prize reserve accounts, if available. If, after these sources are depleted, there are not sufficient funds to pay the set prizes awarded, including All Star Bonus prizes, the highest set prize will become a pari-mutuel prize. If the amount of the highest set prize, when paid on a pari-mutuel basis, drops to or below the next highest set prize and there are still not sufficient funds to pay the remaining set prizes awarded, the next highest set prize will become a pari-mutuel prize. This procedure will continue down through all set prize levels, if necessary, until all set prize levels become pari-mutuel prize levels. In that instance, the money available from the funding sources listed in this procedure will be divided among the winning plays in proportion to their respective prize percentage. Lotto America Set Prizes and All Star Bonus prizes will be reduced by the same percentage.

3.3. Probability of Winning

The following table shows the probability of winning and the probable distribution of winners in and among each prize category, based upon the total number of possible combinations in Lotto America. The overall odds of winning a prize are 1:9.6315.

Probability Distribution		
Number of Matches per Play	Probability of Winning	Probable/Set Prize Amount
All five (5) of first set plus one (1) of second set	1:25,989,600.000	Grand Prize

Any one (1) of first set plus one (1) of second set	1:29.1420	\$2
Zero (0) of first set plus one (1) of second set	1:16.9430	\$2

3.4. Grand Prizes

- A. Grand prizes are paid by a winner annuity, except a player may elect to receive the grand prize in a single cash payment, provided the election is made by the player within sixty (60) days after the player becomes entitled to the prize. The election to take the single cash payment may be made at the time the prize is claimed or within sixty (60) days following the date that the Lottery determines that the player is entitled to the grand prize. An election made by a player to receive the prize via an annuity or in a single cash payment is final and cannot be revoked, withdrawn, or otherwise changed.
- B. Shares of the grand prize are determined by dividing the cash available in the grand prize pool equally among all winning plays of the grand prize. Winner(s) who elected cash payment are paid their share(s) in a single cash payment. The annuitized option prize is determined by multiplying a winner's share of the grand prize by the MUSL Annuity Factor. The MUSL Annuity Factor is determined through a process as approved by the MUSL Finance and Audit Committee. Neither MUSL nor the Lottery is responsible or liable for changes in the advertised or estimated annuity prize from the time the drawing occurs and the date that the player makes the election regarding method of prize payment.
- C. In certain instances announced by the MUSL Lotto America Product Group, the grand prize will be a guaranteed amount determined pursuant to Section 3.10.
- D. If the individual shares of the cash held to fund an annuity are less than \$250,000, the MUSL Lotto America Product Group, in its sole discretion, may elect to pay the winners their share of the cash held in the grand prize pool.
- E. All annuitized prizes are paid in thirty (30) payments, with the initial payment being made in cash, to be followed by twenty-nine (29) payments funded by the annuity. The initial payment of an annuitized prize may be made by the Lottery upon validation of the winning ticket. Each subsequent payment will increase each year by a rate as determined by the MUSL Lotto America Product Group. Prize payments may be rounded down to the nearest one thousand dollars (\$1,000). Annual payments after the initial payment are made on the anniversary date of the selection of the grand prize. Winning Numbers or if such date falls on a non-business day, the first business day following the anniversary date.
- F. In the event of the death of a Lottery prizewinner and upon petition of the estate of the Lottery prizewinner, the MUSL Lotto America® Product Group may accelerate payment of all remaining proceeds from the winning ticket to the estate of the Lottery prizewinner by transferring to the estate the securities and/or cash being held to satisfy the prize requirements, or paying the estate the present value of the remaining payments of the Lottery prizewinner's prize. The valuation of the securities and determination of the present value of the accelerated Lottery payments is at the sole discretion of the MUSL Lotto America Product Group.

3.5. Cash Prize Payments

All low-tier cash prizes (all prizes except the grand prize) are paid in cash by the Lottery. The Lottery may begin paying low-tier cash prizes after receiving authorization to pay from the MUSL central office.

3.6. Rollover

If the grand prize is not won in a drawing, the prize money allocated for the grand prize rolls over and is added to the grand prize pool for the following drawing.

3.7. Limited to Highest Prize Won

The holder of a winning ticket may win in only one (1) prize per Board in connection with the Winning Numbers drawn, and is entitled only to the prize won by those numbers in the highest-matching prize category.

3.8. Prize Claim Period

Prize claims must be submitted within one (1) year of the drawing date. For prizes claimed by mail, date of claim is date of receipt by the Lottery. For prizes of \$600 or more, the claim period ends at the close of business on the last day of the claim period that Lottery offices are open. Lottery offices are closed for the holidays and events listed on mnlottery.com, and one or more Lottery offices may close unexpectedly due to weather or other unforeseen circumstances. This Section 3.8 applies to all prize claims without regard to the method used to purchase a Lotto America Ticket.

3.9. Prizes Rounded

Annuitized payment of the grand prize or a share of the grand prize may be rounded to facilitate the purchase of an appropriate funding mechanism. Breakage on an annuitized grand prize win is added to the first cash payment to the prizewinner or prizewinners. Prizes other than the grand prize, which under these rules may become single-payment, Pari-mutuel prizes, may be rounded down so that prizes can be paid in multiples of whole dollars. Breakage resulting from rounding these prizes is carried forward to the prize pool for the next drawing.

3.10. Funding of Guaranteed Prizes

The MUSL Lotto America Product Group may offer guaranteed minimum grand prize amounts or minimum increases in the grand prize amount between drawings or make other changes in the allocation of prize money where the MUSL Lotto America Product Group finds that it would be in the best interest of the game. If a minimum grand prize amount or a minimum increase in the grand prize amount between drawings is offered by the MUSL Lotto America Product Group, the grand prize shares are determined as follows. If there are multiple grand prize winners during a single drawing, each selecting the annuitized option prize, then a prizewinner's share of the guaranteed annuitized grand prize is determined by dividing the guaranteed annuitized grand prize by the number of winning plays. If there are multiple grand prize winners during a single drawing and at least one (1) of the grand prize prizewinners has elected the annuitized option prizes, then the best bid submitted by MUSL's pre-approved qualified brokers determines the cash pool needed to fund the guaranteed annuitized grand prize. If no winner of the grand prize during a single

drawing has elected the annuitized option prize, then the amount of cash in the grand prize pool is an amount equal to the guaranteed annuitized amount divided by the MUSL Annuity Factor. Changes in the allocation of prize money are designed to retain approximately the same prize allocation percentages, over a year's time, set out in these rules. Minimum guaranteed prizes or increases may be waived if the alternate funding mechanism as set out in Section 3.2.C. becomes necessary. Approval of the MUSL Lotto America Product Group is required to change the minimum grand prize amounts or minimum increases in the grand prize amount. The Group may increase, decrease, or eliminate the guaranteed minimum Grand Prize amount or any announced minimum Grand Prize increases effective at any time following the next drawing following the action taken by the Group.

3.11. Procedure for Claiming a Prize

To claim a prize of less than six hundred dollars (\$600), a player must sign the back of the Ticket in the signature area and present the winning Ticket to any retailer that sells Lotto America® game Tickets.
