Except as provided in these procedures, all other prizes are paid on a set cash basis. To play the Mega Millions game, a player shall select five (5) different numbers, between one (1) and seventy (70), and one (1) additional number, between one (1) and twenty-five (25), for input into a Terminal. The player may select each set by communicating the six (6) numbers to the Retailer or by marking six (6) numbered squares in any one (1) Game Board on a Play Slip and submitting the Play Slip to the Retailer or by requesting a Quick Pick from the Retailer. The Retailer will then issue a Ticket, via the Terminal, containing the selected set or sets of numbers, each of which constitutes a game Play.

2.6. Play Slip and Ticket Characteristics and Restrictions

- A. The player shall select or request selection by computer six (6) numbered squares on a Play Slip. Play Slips shall be available at no cost to the purchaser. The Product Group has established the following prize reserve account for the Mega Millions game; the Prize Reserve Account (PRA), which is used to guarantee the payment of valid, but unanticipated Grand Prize claims that may result from a system error or other reason (subject to the limitations of these rules).

- B. The Product Group has established the following prize pool accounts for the Mega Millions game; the Grand Prize pool, which is used to fund the immediate Grand Prize, the Set-Aside Account, which is used to guarantee payment of the minimum or starting Grand Prize; the Megaplier prize pool account (described in the Lottery Megaplier Procedures); and the Low-Tier Prize Pool Account, which holds the temporary balances that may result from having fewer than expected winners in the Low-Tier set prize categories. The source of the Low-Tier Prize Pool is the Lottery's weekly prize contributions less actual set prize liability. The source of the Set-Aside Account funding is the difference between the amount in the Grand Prize Pool and the amount needed to fund Grand Prize payments as determined by the Lottery.
- C. The MUSL Mega Millions Product Group, with the approval of the MUSL Finance & Audit Committee, may establish a maximum balance for the prize pool accounts and the prize reserve account(s). The MUSL Mega Millions Product Group may determine to expend all or a portion of the funds in the prize pool accounts (except the Grand Prize pool account) and the prize reserve accounts for the payment of prizes or special prizes in the game, subject to the approval of the MUSL Finance & Audit Committee. The prize reserve shares of a Party Lottery may be adjusted with refunds to the Party Lottery from the prize reserve account(s) as may be needed to maintain the approved maximum balance and shares of the Party Lotteries. Any amount remaining in the prize pool accounts or prize reserve account at the end of this game shall be carried forward to a replacement game or expended in a manner as directed by Members of the MUSL Mega Millions Product Group in accordance with law.

- C. - D. If, after these sources are depleted, there are not sufficient funds to pay the set prizes awarded, then the highest set prize shall become a pari-mutuel prize. If the amount of the highest set prize, when paid on a pari-mutuel basis, drops to or below the next highest set prize and there are still not sufficient funds to pay the remaining set prizes awarded, then the next highest set prize shall become a pari-mutuel prize. This procedure shall continue down through all set prize levels, if necessary, until all set prize levels become pari-mutuel prize levels.

- E. By agreement with the Mega Millions Lotteries, the Mega Millions Lotteries shall independently calculate their set pari-mutuel prize amounts. The Party Lotteries and the Mega Millions Lotteries shall then agree to set the pari-mutuel prize amount for all lotteries selling the game at the lesser of the independently- calculated prize amounts.
- F. The official advertised Grand Prize annuity amount is subject to change based on sales forecasts and/or actual sales. The Mega Millions Lotteries may set a minimum guaranteed amount which shall be advertised by the Lottery as the starting guaranteed annuity Grand Prize amount.
- G.
