charlie™

The Charlie table is a 67" oval that seats up to 6 people. Steel seat panels have a perforated pattern, and are surrounded by cast aluminum trim. Ribbon-like steel legs support the steel/aluminum table top, and are surface mounted through stainless steel glides/inserts. Stainless steel anchor hardware ships with the table. Metal is finished with Landscape Forms proprietary Pangard II® polyester powdercoat, a hard yet flexible finish that resists rusting, chipping, peeling and fading. Charlie is ADA compliant and must be surface mounted.
